RFS Exception Feedback

Module Objectives

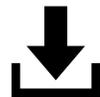

- *What tasks should an Issuer be able to complete after training?*
- *What new information will Issuers be exposed to?*

Define **which calculations are performed by RFS**

Define common **Exceptions messages and Summarization alerts**

List steps to **retrieve and download Exceptions Feedback file**

RFS Upload/Edit, Summarize/Edit, & Exception Feedback

Upload and Edit

Files are uploaded (or data entered online) to RFS and are subject to RFS Upload Editing (or online editing). This upload Exception Feedback is provided for any files that are accepted (Navigate to Functional Acknowledgement) This is the initial edit process. Data uploaded or entered online must also be processed by RFS "Summarize" (Summary Edit)

Summarization will occur:

- Automatically when the Issuer has reported 90% of Pool and Loan data.
- Nightly "bulk" Summarize for all Issuers meeting the "90%" criteria, to include any online data entry

Review Exceptions

The Issuer should view the online RFS Issuer Summary screen by navigating to the RFS > Exception Feedback > Summary:

- Provides a snapshot of the monthly reporting activity and total number of outstanding exceptions.
- Navigate to RFS Exception Feedback Screens to View Detailed Exception List
- Navigate to Exception Feedback "Download Exceptions" for file of Exceptions.

Overview of Reporting Workflow

Module Objectives

- *What tasks should an Issuer be able to complete after training?*
- *What new information will Issuers be exposed to?*

Describe 2 ways to **report Pool and Loan level data**

List **when and which records are required to be reported**

Describe **how to report corrections**

Explain how to **confirm a file was uploaded successfully**

Reporting Pool and Loan Level Data

VIA My Ginnie Mae (MGM)

Online Entry

Occurs through the RFS "activity" screens, such as the Loan Activity Screen and the Pool Activity Screen. Can also be used to view or edit data submitted in files.

File Upload

Issuers may upload data files less than "175 MB" in size through the web application screens (If exceeded, the user will get a message).

VIA SECURE FTP (SFTP)

Secure FTP Channel

Files submitted directly to Ginnie Mae via secure FTP channel. Typically done by IT Department; sub-servicer; service bureau. Requires coordination with Ginnie Mae/BNY to establish user account.

Reporting “Corrections”

“Corrections” are submitted in the same format as initial reports – the P, L, S, and/or V records

RFS processes files automatically as received, and there is no special record type or transaction for “corrections”

“Last Record In” becomes the data of record for the report period

RFS only retains the most recently submitted data

Payment Default Status (PDS)

Module Objectives

- *What tasks should an Issuer be able to complete after training?*
- *What new information will Issuers be exposed to?*

Describe **when to start and stop reporting Payment Default Status data**

Describe how to **manually report a Default record**

Describe **how to clear PDS exceptions**

Explain how to **complete PDS Monthly Certification**

PDS Data Collection: When to Start and Stop Reporting

Please review the 'When to Start and When to Stop' Criteria in [Appendix VI-22](#). These directions take precedence over any of the reporting codes that follow.

✓ **Start Reporting Loans:**

- ✓ Delinquent as defined in the MBS Guide Chapter 18 and Glossary
- ✓ Where the borrower is in bankruptcy whether or not the borrower is current on loan payments
- ✓ Where the borrower is in forbearance whether or not the borrower is current on loan payments
- ✓ The borrower is current in his or her mortgage payments and for which the Issuer is pursuing an alternative to foreclosure (e.g., borrower is in imminent default), other than bankruptcy or forbearance

✓ **Stop Reporting Loans:**

- ✓ The loan is not delinquent (Last Installment Paid Date is current or prepaid)
- ✓ The loan is liquidated from the pool
- ✓ An alternative to foreclosure has been completed, and the loan is reinstated
- ✓ The loan is no longer in forbearance and is current
- ✓ The borrower is no longer in bankruptcy and the loan is current
